Dr. Xinxin Feng  
College of Physics and Information Engineering  
Fuzhou University  
2 Xue Yuan Road, University Town  
Fuzhou, Fujian, People's Republic of China

Dear Dr. Feng,

Thank you for your interest in visiting my research group to perform collaborative research work at Arizona State University (ASU). After careful consideration of your English level and your research experience in Big Data, Machine Learning, and Crowdsourcing, I am pleased to extend you an invitation as a Visiting Scholar in the School of Computing, Informatics, and Decision Systems Engineering (CIDSE) at ASU from December 15, 2018 to December 18, 2019.

During this period, you will be engaged in collaborative research activities with me, my group, and other researchers on campus. I will advise your research. You will be provided with Internet and library access, as well as a desk space in my lab. As you will be a Visiting Scholar and not a regular graduate student, you will not be required to pay any tuition fees.

It is my pleasure to write this letter to support your application for the China Scholarship Council which covers the accommodation, travel and health insurance, as well as the general living expenses for the duration of your stay at ASU. I sincerely hope it will be approved. You should also apply for the correct visa for a Visiting Scholar. There will be no financial assistance from ASU.

I look forward to your joining ASU and working on some exciting research projects. Should you need any additional information, please feel free to contact me.

Sincerely yours,

Guoliang Xue, IEEE Fellow  
Vice-President for Conferences, IEEE Communications Society  
Professor of Computer Science and Engineering  
Arizona State University  
Tempe, AZ, USA
