

26 June, 2019

Ms. Feifei YE (Date of Birth: Sep. 21, 1991)
Full-time PhD student
School of Economics and Management
Fuzhou University
Email: 946755430@qq.com

Dear Ms. YE,

I am very pleased to invite you to visit Artificial Intelligence Research Group (AIRG) at the School of Computing, Ulster University (Jordanstown campus, Northern Ireland, UK) as an academic visitor. This will be for a fixed period of 12 months commencing on Aug. 8th 2019

During your visit, you will undertake research on “Environmental Governance Cost Prediction” working with Dr. Jun Liu in the AIRG, within the School of Computing. This research topic is a result of discussions between you, Dr. Jun Liu and your supervisor in China.

We understand that you will explore a fund from your home university to cover your costs of coming to and living in Northern Ireland. We will arrange to provide you with workspace and other work-related support as needed while you are staying in our university. There will be no bench fee charged from Ulster University for your academic visit.

We will most certainly enjoy the opportunity to meet and exchange ideas with you, especially to discuss the possible academic cooperation between your research group, school and university and ours in the near future.

Yours sincerely

Jun

Dr Jun Liu

Reader in Computer Science
Artificial Intelligence Research Group
School of Computing
Faculty of Computing, Engineering and the Built Environment
Ulster University at Jordanstown Campus, Newtownabbey, Northern Ireland, UK
