

24th January 2018

Professor Xiong Chen
Fuzhou Univeristy

Invitation to give a presentation at the 10th Singapore International Chemical Conference (SICC-10)

Dear Professor Xiong Chen,

The Department of Chemistry at the National University of Singapore (NUS), the Division of Chemistry and Biological Chemistry, School of Physical and Mathematical Sciences at the Nanyang Technological University (NTU), and the Singapore National Institute of Chemistry (SNIC) will be jointly hosting the 10th Singapore International Chemical Conference (SICC-10) during 16-19 December 2018. This conference would be the tenth in the series of conferences and cover both fundamental chemistry and functional materials.

The objectives of SICC-10 are (i) to reflect on the significant scientific developments in the fundamental chemistry and functional materials, (ii) to discuss new ideas and trends in chemical sciences, and (iii) to raise the profile of chemical research in Singapore.

To achieve these objectives, the Organizing Committee has selected the following thematic programs for the conference:

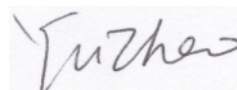

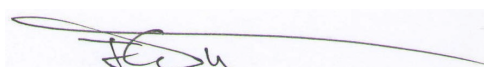

- *New methodologies for organic synthesis: transition metal catalysis, organo-catalysis, photo-redox catalysis, etc.*
- *Supramolecular chemistry, covalent organic frameworks, and metal-organic frameworks*
- *Novel functional π -systems: synthesis and their optical, electronic and magnetic properties*
- *Graphene and 2D materials*
- *Energy conversion and storage materials: batteries, solar cells, full cells, electro-catalysis, photo-catalysis, etc.*
- *Surface chemistry, physics and surface catalysis*
- *Organic electronics and nano-electronics*
- *Green chemistry*
- *Chemical sensing, bio-imaging and chemical biology*

We are therefore writing to world-leading scientists like yourself to seek your support to SICC-10 and would be most appreciative if you could consent to give a presentation. Due to the tight financial situation, we are not able to provide any financial assistance for invited speakers.

We hope that you will be able to accept our invitation and we look forward to your valuable contribution to the success of SICC-10. You can find a list of confirmed renowned plenary and keynote speakers in the attached poster. In addition, you can find more information on the conference website: <https://sicc10.org/>

We would very much appreciate if you could give us your reply at your earliest convenience through e-mail. Thank you for your attention and we look forward to receiving your favorable reply.

Yours sincerely,

SICC-10 chair: Professor Jishan Wu (Department of Chemistry, NUS)

SICC-10 co-chair: Professor Yanli Zhao (School of Physical & Mathematical Sciences, NTU)

SICC-10 scientific chair: Professor Yu Zhao (Department of Chemistry, NUS)
